No Questions Asked

Questions? Call The Randolph County Cooperative Extension Office

(336) 318-6000

This is a FREE EVENT!

Electronics contain hazardous materials such as lead, arsenic, mercury and cadmium. By recycling Home Electronics, you can keep these dangerous contaminants out of landfills and away from water supplies.

Prescription drugs that are flushed down the toilet or improperly disposed of can enter rivers and creeks, harming fish and wildlife living in the water. Keep fish from being medicated by bringing your unused or out-of-date medicines to this event!
