

Pop Quiz

Q. Is it time for family planning?

A. If any of these apply to you, then it's time for family planning care:

1. I'm sexually active.
2. I don't know what my birth control options are.
3. I don't use a condom every time I have sex.
4. I don't know the dangers of having unsafe sex.
5. My partner and I are ready for children.
6. My partner and I are not ready for children.

What's Family Planning?

The goal of family planning is to help a person decide whether or not they are ready to have a baby. Family planning clinics give you the care and education needed to either prevent an unplanned pregnancy or prepare for a healthy baby.

About RCHD Family Planning

- The Randolph County Health Department (RCHD) offers confidential family planning care to adult and teen females.
- Clients are seen in our Asheboro clinic Monday through Friday.

What We Offer:

- Physical Exams
- Lab Services
- Education and Counseling
- Birth Control Methods
- Pregnancy Testing
- Emergency Contraception
- Referrals as Needed
- Sexually Transmitted Disease (STD) Testing, Counseling, and Treatment
- Vasectomy Program Referrals (For Men 21 Years and Older)
- Sliding scale fees based on household income and family size (Family Planning Medicaid accepted)

What to Expect

Our clinical staff is ready to help you. When you come for your visit, you'll be asked to fill out forms asking for personal and family information. A clinician or nurse will take your medical history and provide your full physical exam. You will also get our family planning packet, which has materials on birth control, STDs, and nutrition.

Why Choose RCHD Family Planning?

- ✓ Same Day or Next Day Appointments
- ✓ Language Interpreter Available
- ✓ Caring and Kind Staff
