

August 1, 2016

The Randolph County Board of Commissioners met in regular session at 6:00 p.m. in the 1909 Randolph County Historic Courthouse Meeting Room, 145 Worth Street, Asheboro, NC. Commissioners Frye, Haywood, Kemp, Lanier and Allen were present. Also present were County Manager Hal Johnson; Finance Officer Will Massie; County Attorney Ben Morgan; Amanda Varner, Clerk to the Board; and Dana Crisco, Deputy Clerk to the Board. Sheriff Robert Graves gave the invocation and everyone recited the pledge of allegiance.

Consent Agenda

On motion of Allen, seconded by Kemp, the Board voted unanimously to approve the Consent Agenda, as follows:

- *approve Board of Commissioners regular meeting minutes of 7/11/16 and special meetings of 6/20/15 and 7/18/16;*
- *unseal 1/4/16 closed session I and 2/1/16 closed session II minutes;*
- *approve Budget Amendment for Encumbrance Carryforwards, as follows:*

2016-2017 Budget Ordinance General Fund—Budget Amendment #3	
Revenues	Increase
<i>Appropriated Fund Balance</i>	<i>\$1,772,534</i>
Appropriations	Increase
<i>Administration</i>	<i>\$107,755</i>
<i>Information Technology</i>	<i>\$51,394</i>
<i>Tax</i>	<i>\$225,328</i>
<i>Elections</i>	<i>\$66,125</i>
<i>Register of Deeds</i>	<i>\$91,690</i>
<i>Public Buildings</i>	<i>\$237,009</i>
<i>Sheriff</i>	<i>\$171,627</i>
<i>Emergency Services</i>	<i>\$396,407</i>
<i>Building Inspections</i>	<i>\$28,223</i>
<i>Planning & Zoning</i>	<i>\$15,550</i>
<i>Soil & Water</i>	<i>\$1,400</i>
<i>Public Works</i>	<i>\$992</i>
<i>Public Health</i>	<i>\$106,128</i>
<i>Social Services</i>	<i>\$263,057</i>
<i>Child Support Enforcement</i>	<i>\$3,799</i>
<i>Public Library</i>	<i>\$6,050</i>

Solid Waste Management Fund—Budget Amendment #3		
Revenues	Increase	Decrease
<i>Appropriated Fund Balance</i>	<i>\$60,184</i>	
Appropriations	Increase	Decrease

<i>Solid Waste Management</i>	\$60,184	
-------------------------------	----------	--

- *appoint Will Massie to the Industrial & Pollution Control Facilities Financing Authority (Industrial Bond Authority);*
- *reappoint Cindy Miller to the Adult Care Home Community Advisory Committee;*
- *approve Budget Amendment for Local Emergency Planning Committee (\$1,000), as follows:*

2016-2017 Budget Ordinance General Fund—Budget Amendment #4		
Revenues	Increase	Decrease
<i>Restricted Intergovernmental</i>	\$1,000	
Appropriations	Increase	Decrease
<i>Emergency Services</i>	\$1,000	

- *approve Budget Amendment for Ace/Avant (\$231,000), as follows:*

2016-2017 Budget Ordinance General Fund—Budget Amendment #5		
Revenues	Increase	Decrease
<i>Restricted Intergovernmental</i>	\$220,000	
<i>Transfer from ED Reserve</i>	\$11,000	
Appropriations	Increase	Decrease
<i>Social Services</i>	\$25,000	

- *appoint Rogenia Smith to the Nursing Home Community Advisory Committee to fill the unexpired term of Shirley Harrington;*
- *approve maintaining current Procurement Standards;*
- *approve Subordination Agreement-Cross Road Rest Home/Retirement Center and authorize chairman to sign;*
- *approve correction to Health Department Fees—Livestock Running at Large Fee.*

Public Comment Period

Pursuant to N.C.G.S. § 153A-52.1, Chairman Frye opened the floor for public comment. No one spoke.

Request to Begin the Bid Process for the Animal Shelter

Public Works Director Paxton Arthurs reviewed the Animal Shelter Project that was presented by Robert Carmac of Smith-Sinnett in May. The firm submitted the design to independent contractors and an estimating firm for an up to date cost estimate and Mr. Arthurs presented the estimated budget of \$1,082,300. He said they increased the estimate for soil borings to cover extra samples taken due to location. They also allowed for additional technology updates to include safety features such as security cameras and access control locks. The anticipated schedule for the project is as follows:

- August 1st Commissioner’s Meeting – Request permission to go to bid
- August 15th Publicly release for bids to general contractors

- August 23rd Pre-bid Meeting
- September 8th Bid opening
- October 3rd Commissioner’s Meeting – Request bid and contract approval

Mr. Arthurs requested that the Commissioners release this project for bidding. Robert Carnac, Principal/Chief Operations Officer and lead architect with Smith-Sinnett Architecture, was present if there were any questions.

Commissioner Lanier asked about the budgeted amount and County Finance Officer Will Massie said funds had already been allocated from the debt proceeds of the Emergency Services Headquarters to this project.

On motion of Kemp, seconded by Lanier, the Board voted unanimously, to authorize the bid process to begin on the Animal Shelter addition.

RCC Allied Health Center

Dr. Bob Shackelford, RCC President, stated that through a process, RCC assesses the community’s workforce development needs. This year the Randolph County Strategic Plan, Healthcare Summit meetings, Pathways to Prosperity, and EMSI analysis all have pointed to the need to expand existing healthcare programs already provided by the college as well as the need for additional pharmacy technicians and healthcare professionals in mental health, elder care, healthcare coaching, occupational therapy, and healthcare auxiliary services.

The RCC Board of Trustees met on July 21, 2016, and approved an Allied Health Center building project to close the skills gap in health care. The Board of Trustees is requesting the allocation of funding using the Article 46 Sales Tax to build it. RCC will be contributing their total share of the ConnectNC Bond funds. The funding is proposed as follows:

Article 46:	\$9,363,158
ConnectNC:	<u>\$5,086,842</u>
	\$14,450,000

Dr. Shackelford said it would be located on land they own beside the Richard Petty Education Center. It would be a two-story building with the second floor dedicated to being a simulated health care lab. He said depending on the timeline for construction, the project may have a minimal cash flow deficit in 2019 estimated at a little over \$2 million. However, they will pursue covering the shortfall with grants and/or naming rights. He said only if necessary would the college request a short-term advance and to repay the funds in the following year with Article 46 funds. Dr. Shackelford stated that the State has encouraged all recipients of funds from the ConnectNC bond to move forward with projects.

Chairman Frye asked if a “certificate of need” would be necessary. Dr. Shackelford replied that it would not. They only have to demonstrate to the State the need for jobs and students available to fill them. The data results have given indication where jobs and people are needed in the industry. Dr. Shackelford said all of the recent graduates of the nursing program were employed upon graduation or

within two weeks after graduation. Both Chairman Frye and Dr. Shackelford agreed there is a demand for nurses.

County Finance Officer Will Massie presented the estimated cash flow requirements, as follows:

• Cash Balance 6/30/16	\$3,726,477
• Project Commitments	<u>(2,134,715)</u>
Available Cash	\$1,591,762
• Future Sales Tax	
○ 2015-16 (last three months)	700,000
○ 2016-17	2,500,000
○ 2017-18	2,500,000
○ 2018-19 (partial year)	<u>2,071,396</u>
	\$9,363,158

Chairman Frye said the current Board could commit to the project and agree to the proposed funding methods but could not commit any future Board to a decision on the current expense needs of RCC at that time.

Commissioner Haywood said there is no doubt there is a “great need” for workers in the health care industry and said he only sees it increasing.

If the Commissioners agree to allocate the funding from the Article 46 Sales Tax funds, they would need to approve the related RCC Capital Project Ordinance budget amendment and authorize the County Finance Officer to sign any related documentation.

On motion of Haywood, seconded by Lanier, the Board voted unanimously, to approve the use of Article 46 Sales Tax funds for the Allied Health Center Project, approve RCC Capital Project Ordinance Budget Amendment #6, and authorize County Finance Officer to sign any related documents, as follows:

2016-2017 Budget Ordinance		
RCC Capital Project Ordinance —Budget Amendment #6		
Revenues	Increase	Decrease
<i>Transfer from General Fund</i>	\$9,363,158	
Appropriations	Increase	Decrease
<i>Construction</i>	\$6,463,158	
<i>Professional Fees</i>	\$1,250,000	
<i>Site Development</i>	\$750,000	
<i>Equipment</i>	\$900,000	

Approval to Purchase Law Enforcement Vehicles through Cooperative Purchasing Group

Sheriff Robert Graves said in past years, the Sheriff’s Office had purchased vehicles through the North Carolina State Purchase and Contract bid. However, in reviewing options for the lowest price

available, they have found that the North Carolina Sheriff's Association (NCSA) Vehicle Procurement Program offers the lowest option.

The NCSA's Vehicle Procurement Program is a cooperative bid program that achieves competitive pricing on police rated, special service, and administrative vehicles, trucks and vans. The Association's program helps to eliminate duplication of effort through the creation of one statewide bid that can be used by all 100 sheriff's offices in North Carolina, as well as units of local governments and political subdivisions including, but not limited to, county, local county board of public instruction, municipalities and/or police agencies. On Bid Award 15-01-0611, Ilderton Dodge was awarded the vehicle bid for the 2016 Dodge Chargers and Asheville Ford Lincoln was awarded the bid for the 2016 Ford F150 trucks the Sheriff wishes to purchase.

North Carolina General Statute 143-129 (e) (3), provides an exception to the formal bidding procedures for a purchase made through a competitive bidding group purchasing program. The program is required to offer competitively obtained purchasing services at discount prices to two or more public agencies. The NCSA's Vehicle Procurement Program meets this requirement. He said this exception allows them to purchase 2016 Dodge Chargers from Ilderton Dodge and Ford F150 trucks from Asheville Ford Lincoln without seeking their own formal bid. Ilderton Dodge has offered to sell twenty-one 2016 Dodge Chargers for a total cost of \$542,253. This is a price of \$24,957 each for nine RWD vehicles and \$26,470 each for twelve AWD vehicles. Asheville Ford Lincoln offered to sell four 2017 Ford F-150 trucks for the same price as the 2016, for a total cost of \$113,754.84. Two F-150 XL Sport Appearance Package cost \$28,989.26 each and two F-150 XL Service Vehicle cost \$27,888.16 each.

Sheriff Graves said since the County purchasing policy doesn't address a formal purchase through a cooperative purchasing group as allowed in the G.S. 143-129 (e) (3) exception, he is requesting that the Commissioners approve the purchase. Funds for these purchases were included in the Sheriff's 2016-2017 budget. This is the yearly cycle of vehicle replacements.

On motion of Kemp, seconded by Haywood, the Board voted unanimously, to purchase through NCSA's Vehicle Procurement Program contracts twenty-one 2016 Dodge Chargers from Ilderton Dodge at a cost of \$542,253 and four 2017 Ford F-150s from Asheville Ford Lincoln at a cost of \$113,754.84.

Review of Jail Overcrowding/Special Needs Populations

Sheriff Graves said the Randolph County Sheriff has responsibility for the operation and maintenance of the County Jail. The current jail facility opened in 1997 and has operated 24 hours a day, seven days a week with very little modification. In 2012, a small renovation was completed to add 16 beds which brought the total number of beds to 211. He said as most county jails were designed, "Randolph County's jail was intended to be more of a holding facility, but as the population has grown and laws have changed over the past few years," they find themselves "having to deal with inmates for longer periods of time, with many serving out their complete sentences there rather than being transferred to the Department of Corrections." More and more responsibility is being placed on North Carolina's counties to carry the burden and to provide the services that our state government used to provide.

Sheriff Graves presented a PowerPoint presentation that included statistics and pictures of the overcrowded facility with the following update:

The current jail consists of various “PODs,” each designed to house inmates of differing risk classifications. These range from trustees (working inmates – lowest risk) to unstable and potentially dangerous offenders (convicted felons of violent crimes). Overcrowding often requires moving inmates from one POD to another sometimes leaving some to sleep on mattresses placed on the floor. This can result in a mixture of lower risk inmates with those considered a higher risk. Overcrowding also results in multiple inmates having to be permanently housed in small holding cells in the busy booking/intake area. This creates an obvious higher risk in a critical, sometimes chaotic location within the jail. Overcrowding is also a safety issue for both officers and inmates. The total “safe” capacity of the jail is 211 inmates (beds and required facilities for 183 male inmates and 28 female inmates) but has averaged 232 inmates.

Sheriff Graves said that laws changed some time ago that now require county jails to keep inmates sentenced for time less than two years who would have normally served their time in a state prison. He said some inmates have already served a longer time waiting on a trial than their sentence would be.

Chairman Frye asked if the County currently has inmates housed in jails located in other counties and Sheriff Graves said some inmates have been and are currently housed in other county jails when space is available, but he would prefer to get them back to Randolph so they don’t have to continue to pay other counties for the stay.

He said they have been working with District Court Judge Bradford Long and the District Attorney’s office on options to alleviate some of the overcrowding. Weekend lock-up for inmates that have been sentenced to a specified number of hours has been suspended until September due to normal summer overcrowding.

Sheriff Graves addressed the issue with the “Special Population” inmates. There are currently no beds or facilities for drug or alcohol dependent inmates, suicidal inmates, or inmates with mental, psychological or other health related issues. He said specific individuals such as suicidal watch inmates have to be monitored at least four times an hour by jail staff. The only available place these inmates can be placed for this type of supervision is in booking, which does not meet current regulations.

Since 2006, the Department of Health and Human Services jail inspector has cited the facility on at least twelve different occasions. These citations indicate overcrowding and improper classification procedures which directly refer to placing and housing of inmates. Sheriff Graves said citations are only the beginning. If the problems are not fixed within a suitable time frame, Randolph County may have costly fines imposed for these infractions.

The Sheriff said these problems were outlined during the strategic planning process and during the Commissioners’ retreat in March. He feels that a course of action needs to be put in place as soon as possible.

The last draft design for an addition to the building was estimated to cost around \$7 million. Major Joann Sapp said the plans consisted of a place for 60 female inmates and 20 special population beds, added toilets to “G Pod” and renovated the booking area.

Chairman Frye said the County has several capital needs and requests and asked County Manager Hal Johnson and Finance Officer Will Massie to prioritize those needs with specific estimates for the Board to consider. The Agri-Business Civic Center is another capital need the County has been asked to consider from the outcome of the Strategic Planning process. Chairman Frye asked Commissioner Allen when the Agri-Business Civic Center Planning Committee would have a report and Commissioner Allen felt like it would be within two months. Mr. Johnson said they could report back to the Board at the September meeting.

Rezoning Public Hearing and Actions

At 7:10 p.m., the Board adjourned to a duly advertised public hearing to consider rezoning requests. Jay Dale, Planning Director, presented the following requests and Chairman Frye opened the public hearing and closed it before taking action on each request.

CHRIS ISOM, Norwood, North Carolina, is requesting that 6.25 acres (out of 11.50 acres) located at 1228 Green Farm Road, Back Creek Township, be rezoned from LI/RA to HI-CD. Secondary Growth Area, Tax ID# 7732554805. The proposed Conditional Zoning District would specifically allow furniture manufacturing in an existing 29,000 sq. ft. building with proposed future expansions of 22,000 sq. ft. (as per site plan). The Planning Board reviewed this request at public meeting on July 12, 2016, and unanimously recommended that this request be approved. The Planning Board found the following policies within the 2009 Growth Management Plan that support determination of consistency with the adopted plan and this recommendation:

Policy 1.2 The County will encourage new and expanding industries and businesses which: (1) diversify the local economy, (2) utilize more highly skilled labor force and (3) increase area residents' incomes.

Resolution Adopting the 2009 Randolph County Management Plan, Resolution #3. Ensure the opportunity for landowners to achieve the highest and best uses of their land that are consistent with growth management policies in order to protect the economic viability of the County's citizens and tax base.

Chris Isom, 17929 Margie Lane, Norwood, NC, said he needs more warehouse space and would be adding to the back of the building which would probably not be visible from the road.

On motion of Allen, seconded by Lanier, the Board voted unanimously, to approve the request of Chris Isom, as determined consistent with the standards and policies contained within the Growth Management Plan outlined in the recommendations provided by the County Planning Board; and having further found from information and testimony provided at public hearing, that the proposed rezoning is reasonable and in the public interest.

CASEY CUTSAIL, Seagrove, North Carolina, is requesting that 4.15 acres (out of 39.21 acres) located at the corner of Hwy 134/Monterey Road, Cedar Grove Township, be rezoned from RA/RR to LI-CD. Tax ID#7657587464. Secondary Growth Area. The proposed Conditional Zoning District would specifically allow a warehouse distribution center for automotive parts in a proposed 27,000 sq. ft. building with a future 12,000 sq. ft. addition (as per

08/1/2016

site plan). TJTR Properties, LLC - property owner. The Planning Board reviewed this request at public meeting on July 12, 2016, and unanimously recommended that this request be approved. The Planning Board found the following policies within the 2009 Growth Management Plan that support determination of consistency with the adopted plan and this recommendation:

Policy 1.2 The County will encourage new and expanding industries and businesses which: (1) diversify the local economy, (2) utilize more highly skilled labor force and (3) increase area residents' incomes.

Policy 3.4 Warehousing, storage and distribution facilities should have direct access to appropriate thoroughfares and should be visually buffered according to their location.

H.R. Gallimore, Re/Max Realty, spoke on behalf of the applicant who operates a part distribution center in Moore County and plans to move the operations to Randolph County. He said no automobiles will be housed or disassembled at this location. Parts will be in boxes and arranged for distribution. FedEx and UPS are the only shipping trucks into the facility and they are not always daily.

David Phagan, 3009 NC Hwy 134, Asheboro, spoke in opposition to the request. He presented a petition from 25 residents for the record (attached). He stated the request goes against the growth management plan by infringing on the rural quality of life for residents. He said the business already exists so it is not diversifying the local economy and not adding any employees. He said he feels the business will be detrimental to the homeowners' property values. It will add noise and traffic to an already busy intersection. The 24,000 square foot warehouse would be in a neighborhood that is currently flourishing with new residential real estate and that property would be a great site for another home, not a warehouse.

He stated that he was not at the Planning Board meeting because he was out of town at that time.

Chairman Frye asked Mr. Dale if the Technical Review Committee or Planning Board had any issues with the request and Mr. Dale replied that they did not and had recommended the approval.

On motion of Lanier, seconded by Kemp, the Board voted 4-1, with Allen opposing, to approve the request of Casey Cutsail, as determined consistent with the standards and policies contained within the Growth Management Plan outlined in the recommendations provided by the County Planning Board; and having further found from information and testimony provided at public hearing, that the proposed rezoning is reasonable and in the public interest.

UNIFIED SCREENING & CRUSHING, Ramseur, North Carolina, is requesting their Conditional Zoning Permit issued on 14.14 acres located at 136 Crestwick Road, Columbia Township, Municipal Growth Area, Tax ID# 8712273107, be amended to include a proposed 36' x 72' modular office building and a 100' x 150' concrete pad (to be used for equipment maintenance) as per site plan. Diamondback Casting 3 LLC. The Planning Board reviewed this request at public meeting on July 12, 2016, and unanimously recommended that this request be approved. The Planning Board found the following policies within the 2009 Growth Management Plan that support determination of consistency with the adopted plan and this recommendation:

Policy 1.2 *The County will encourage new and expanding industries and businesses which: (1) diversify the local economy, (2) utilize more highly skilled labor force and (3) increase area residents' incomes.*

Resolution Adopting the 2009 Randolph County Management Plan, Resolution #3. *Ensure the opportunity for landowners to achieve the highest and best uses of their land that are consistent with growth management policies in order to protect the economic viability of the County's citizens and tax base.*

Kiesha Osborne, 1817 Newell St., Asheboro, Operations Manager for the applicant, spoke in favor of the request. She said the modular office building will be used to free up space in the warehouse by moving the office personnel. The concrete pad will be used for vehicle repair only in order to keep out of gravel and dirt.

On motion of Allen, seconded by Lanier, the Board voted unanimously, to approve the request of Unified Screening & Crushing, as determined consistent with the standards and policies contained within the Growth Management Plan outlined in the recommendations provided by the County Planning Board; and having further found from information and testimony provided at public hearing, that the proposed rezoning is reasonable and in the public interest.

Appoint Members to a Strategic Planning Implementation Committee (Ad Hoc)

County Manager Hal Johnson again thanked those that played a part in the Strategic Planning process. He said although the goals and strategies embodied in the 2016 Randolph County Strategic Plan are not binding upon the County or its municipalities, the Board of Commissioners have approved a revenue source that could be used toward implementation of some of the strategic objectives. The appointment of a Strategic Planning Implementation Committee will be a critical part of the Implementation phase.

The purpose of the Implementation Committee will be to work with the Office of the County Manager in making recommendations to the County Commissioners as special programs are identified and organized. Final decisions on any allocation of available funds will be with the Board of County Commissioners.

He said although the membership of the initial Implementation Committee is small, the committee will be providing input and supporting inclusive subcommittees representing health, safety, and well-being giving more citizens the opportunity to participate in the process.

The Strategic Planning Steering Committee subcommittees will represent the following common themes which emerged from the 2016 Strategic Planning initiative:

- Behavioral/Special Needs/and Health Challenges: Support the development of proactive crisis intervention programs to reduce the debilitating and costly effects of existing and emerging community health and mental health challenges. Expand the recruitment of health related employment opportunities, facilities and services as a vital component of a countywide health strategy.

- Economic Development Recruitment: Expand the capability and organization of our Economic Development Corporation to enhance recruitment of business and industry throughout the county.
- Workforce Development: Explore new opportunities for our citizens to develop their special talents through support of new and innovative workforce development programs that support existing businesses, entrepreneurships, on-the-job training initiatives, internships, and apprenticeships.
- Culture of Well-Being: Support the well-being of Randolph County citizens involving many components that can improve the quality of life. A culture of well-being would also promote and support access to natural trails and parks and recreation, not only for the health benefits, but also for the impact it has on economic development recruitment and our citizens overall quality of life by supporting healthy lifestyles. The proposed Agri-Business Civic Center can have a major impact on economic development and tourism.

The following citizens have agreed to serve on the initial Strategic Planning Implementation Committee if appointed by the Board of County Commissioners:

- Robert Graves, Sheriff
- Bert Stone, Mayor of Archdale
- David Smith, Mayor of Asheboro
- Filmore York, Mayor of Liberty
- J.B. Davis, Retired Industrial CEO
- Bob Shackleford, President, RCC
- Dr. Robert Dough, Chairman, Randolph County Board of Health
- Steve Eblin, President, Randolph Hospital
- Susan Hayes, Public Health Director
- Beverly Nelson, Executive Director, Archdale/Trinity Chamber of Commerce
- Linda Brown, President, Asheboro/Randolph Chamber of Commerce
- Tammy O'Kelley, Executive Director, Tourism Development Authority
- Rick Powell, President, PEMMCO Manufacturing, Inc.
- Reynolds Lisk, Chamber/EDC/Hospital Board Member
- John Grey, Chairman of Randolph County Economic Development Corp. Board
- Hal Johnson, Randolph County Manager

Commissioner Haywood asked about the terms of the members. Mr. Johnson said members could cycle every couple of years and all mayors would rotate so each had an opportunity to serve.

Mr. Johnson said there are several special events and educational opportunities sponsored jointly by the County and the Asheboro/Randolph Chamber of Commerce planned for October and November 2016, giving citizens the opportunity to provide additional input in the Strategic Planning implementation process.

He anticipates that the Implementation Committee will be prepared to make specific recommendations on programs and resource allocations to the Board of County Commissioners in early 2017.

On motion of Kemp, seconded by Haywood, the Board voted unanimously, to appoint members to the Strategic Planning Implementation Committee, as requested.

Closed Session

At 7:35 p.m., on motion of Kemp, seconded by Lanier, the Board voted unanimously to go into closed session to consider the qualifications, competence, performance, condition of appointment of a public officer or employee or prospective public officer or employee, pursuant to NCGS 143-318.11(a)(6).

Chairman Frye stated that closed session was for the County Manager’s performance evaluation. He was not certain if any action would follow.

Regular Meeting Resumed

At 7:59 p.m., the Board returned to regular session.

Closed Session Action

Chairman Frye said the Board has completed County Manager Hal Johnson’s performance evaluation and consensus was to raise his salary with an effective date of October 1st. After a brief discussion about the new salary amount, a motion was made.

On motion of Kemp, seconded by Lanier, the Board voted unanimously, to increase County Manager Hal Johnson’s salary to \$142,000, effective October 1, 2016.

Adjournment

At 8:02 p.m., on motion by Allen, seconded by Lanier, the Board voted unanimously to adjourn.

Darrell L. Frye, Chairman

Phil Kemp

Arnold Lanier

Stan Haywood
