KINTEGRA TO OPEN FAMILY DENTAL PRACTICE AT RANDOLPH COUNTY PUBLIC HEALTH

(Gastonia, NC – January 2023) Kintegra Health will open the doors at its newest practice location, Kintegra Family Dentistry – Randolph on February 1 2023.

The practice will be located within the Randolph County Public Health (RCPH) building at 2222 S Fayetteville St., Asheboro. 27205. Services will include general dentistry, fillings, extractions and cleanings for children and adolescents 0 – 18 years of age.

The co-location of Kintegra Family Dentistry within the RCPH building brings increased access to underserved children in Randolph County. The practice complements Kintegra’s Dental Outreach Program which provides preventative care including cleanings, x-rays, sealants and education on its Mobile Dental Unit (MDU) at participating schools within Randolph County. Children seen on the MDU often require additional dental treatment, which can now be completed at this fixed full-service practice.

Kintegra is proud of the strong collaboration with Randolph County Public Health, which has made this arrangement possible. RCPH provided dental services at this location until early 2022, and this collaboration will ensure the future of quality dental care available for Randolph County residents in need.

“The opening of Kintegra’s Family Dentistry practice is welcome news for Randolph County, and the co-location of Kintegra Family Dentistry operations at RCPH will help us to better serve and meet the comprehensive dental health needs for children in our community”, said Tara Aker, RCPH Health Director. “We are very excited to welcome Kintegra to our facility here at RCPH, and look forward to new opportunities to improve health outcomes for patients in need of these vital services.”

Robert Spencer, CEO of Kintegra Health, added: “We are fortunate to have this relationship with RCPH and look forward to building on the strengths of our organizations to continue to increase access to care in Randolph County.”

To make an appointment at Kintegra Family Dentistry – Randolph, call 336 318 6220.

About Randolph County Public Health

Randolph County Public Health’s mission is to preserve, protect, and improve the health of the community. The mission is accomplished through the collection and dissemination of health information, education and service programs offered to prevent disease, protect the environment and improve quality of life for those residing in and visiting Randolph County. There are 73 team members employed with the department providing family planning, communicable disease, case management, health promotion, environmental health and WIC programs and services. The work RCPH does is found in all facets of community life; everyday, everywhere and for everybody. For more information, visit <https://www.randolphcountync.gov/251/Public-Health>
