FOR IMMEDIATE RELEASE

*Randolph County, NC – October 20, 2025*

## **Randolph County Public Health Launches 2025 Community Health Assessment with Mailed Survey**

Randolph County Public Health, in collaboration with Randolph Health, is conducting the 2025 Community Health Assessment (CHA) to better understand the health status and quality of life for Randolph County residents.

As part of this effort, some randomly selected households across Randolph County will receive a Community Opinion Survey by mail. The survey is designed to identify the major health issues affecting residents. Responses will help guide future health programs, services, and funding decisions in Randolph County.

### **Each mailed packet includes:**

- A paper survey
- A prepaid return envelope (just place it back in your mailbox)
- A QR code for those who prefer to complete the survey online

### **Who Should Complete the Survey?**

- Randolph County residents
- Age 18 and older

All responses are anonymous, and participation is voluntary. Returning the survey is crucial to ensuring we gather a comprehensive understanding of the health needs of our county.

 **The survey will close on November 7, 2025.**
