

REMEMBER TO WASH YOUR HANDS

Employees

-  Upon reporting for work
-  Before and after handling food
-  Before bottle feeding or serving to other children
-  After toileting or handling of bodily fluids
-  After diaper changing
-  After handling soiled items such as garbage, mops, cloths, or clothing
-  After being outdoors
-  After handling animals or animal cages
-  After removing disposable gloves
- 

Children

-  Upon the arrival at the child care center
-  After each diaper change or visit to the toilet
-  Before eating meals or snacks
-  Before and after water play
-  After outdoor activity
-  After handling animals or animal cages
-  Hand sanitizing products may be used instead of handwashing while children are outdoors if hands are washed upon returning indoors.
