**DESCRIPTION
OF WORK/
COMMENTS:**

If your development disturbs more than one (1.00) acre of soil during construction, you must file a Soil Erosion and Sedimentation Control Plan with the State of North Carolina. It is also possible that you must obtain a National Pollutant Discharge Elimination System (NPDES) Permit for stormwater discharges from construction activities. This requirement is pursuant to North Carolina General Statutes 135A-357 and 160A-417. If additional information is required about soil erosion and sedimentation control plan requirements, you should contact the North Carolina Sedimentation Control Commission or the North Carolina Department of Environment and Natural Resources or the

Land Quality Section office in our area. If additional information is needed about NPDES permits, you should contact the United States Environmental Protection Agency or the North Carolina Department of Environment and Natural Resources.

All existing streams must maintain a 50 ft. no-cut buffer. Also, drives and construction cannot take place in the areas identified as having streams or waterways. Any approvals to cross streams or waterways must be obtained from the US Army Corps of Engineers in Wilmington, NC. Proof of such approval shall be presented upon request from Randolph County.

***** CONSTRUCTION SHALL MEET ALL APPLICABLE STATE BUILDING CODES. *****

The undersigned contractor does hereby affirm under penalties of perjury that the person(s), firm(s) or corporation(s) performing the work set forth in the permit:

- _____ has/have three (3) or more employees and have obtained Workers' Compensation insurance to cover them,
- _____ has/have one or more subcontractor(s) and have obtained Workers' Compensation insurance covering them,
- _____ has/have one or more subcontractor(s) who has/have their own policy of Workers' Compensation covering themselves,
- _____ has/have not more than two (2) employees and no subcontractors,

while working on the project for which the permit is sought. It is understood that the Inspection Department issuing the permit may require certificates of coverage of Workers' Compensation insurance prior to issuance of the permit and **at any time during the permitted work from any person, firm or corporation carrying out the work.**

The undersigned hereby makes application as designated above, and agrees to all applicable laws of Randolph County, the State of North Carolina and any valid, applicable restrictive covenants/deed restrictions on the property where the construction will occur. The undersigned further states that all statements made hereon are true.

Fax completed applications to (336) 636-7575 or e-mail to permits@randolphcountync.gov. We will call you to collect payment information once application is keyed.

Signature of Contractor or Owner

Any disagreement with a decision made by a Building Safety Official may be brought before the Director of Building Inspections for review. You can contact David Bryant, Director of Inspections, at 336 318-6366 to schedule an informal internal review.
